Hillsboro, Nov. 12, 1877. J. L. BARRETT.

The holidays are coming.

Christmas next Tuesday week.

The winter term of the Highland Institute opens on Monday last.

This is excellent weather for work on the railroad.

The young folks are busily engaged preparing for the holidays.

We had a second edition of the "beautiful snow" on Thursday.

See account of the Pricetown fire in another column.

Another horrible murder at Mansfield, O., on last Friday night.

Bergin, the Mt. Vernon murderer, was executed last Friday.

Go to the festival at Music Hall, on Thursday and Friday evenings of this week.

Grading was commenced on three different sections of the M. & C. R. W. on Wednesday last week.

Protracted meetings at the M. E. church will continue every evening this week, except Saturday.

Mr. Chas. Haynes led the Temperance meeting at City Hall Sunday afternoon.

Several wagon loads of dirty-looking geese passed through town on Tuesday.

The Noble Light Guard have received an invitation to assist in the inaugural ceremonies at Columbus on the 14th of January.

Our Military companies are getting in good working order again, and should be sustained and encouraged by our citizens.

Mr. J. B. Howe, of Jackson C. H., wants to employ an active Agent to sell the Wanzel sewing machine in this county. Address him as above.

Robt. Addy, captain of the Cincinnati baseball club, has been dismissed from the club on account of dissipated habits.

The racks for the military were put up in the City Hall on Monday, and the boys are once more ready for business.

The Noble Light Guard will give an exhibition drill at their armory next Tuesday evening. All are invited to come.

Mr. Wm. Matthews, the new Drum Major, is receiving stunning notices from quite a number of our exchange.

The regular Temperance meeting which is usually held on Thursday night, will be held to-night (Wednesday) and will be addressed by Rev. Dr. Byers, of Columbus.

Col. Noble has been appointed reviewing officer and army inspector for the territory occupied by the 13th Regiment O. N. G. and 24 Troop of Cavalry. Col. Noble will make an excellent officer.

The concert at the Highland Institute on Friday evening last was a grand success. The chapel was filled with the elite of our town, and the recitations and music were excellent.

The members of the African M. E. church will hold a Festival on Christmas eve, and a Dinner on Christmas day, at the City Hall. Proceeds for the benefit of the church. All are invited.

Ladies, call at Saylor's or Detwiler's, and examine our premium book, "The Home Guide," which we give to every subscriber of the News who gets one new subscriber for 1878, at \$1.50.

Mr. J. R. Tucker has a fine lot of chronos displayed on High street, which he is offering for sale very cheap. Rhine has joined the Murphys, and we hope he will receive the patronage he deserves.

The Stockholders of the Highland Co. Ag. and Stock Society, who have not yet paid up their subscriptions, are requested to pay the same immediately to Col. W. H. Glenn, treasurer, as long time cannot be given. By order of Directors.

A GOOD EXAMPLE.—One of our exchanges tells of a Kentucky farmer who appropriates the yearly products of one acre to purchasing reading matter for the family. There are some Ohio farmers who might follow his example, with benefit to themselves and their families.

Over 100 car-loads of hogs have been shipped to Cincinnati from this place, up to this time, Dec. 10.

The holidays are coming, and the little folks are beginning to indulge in happy visions of "old Santa Claus." Bright childhood.

The weather has been very mild and pleasant for the past week. We don't seem to see that "hard winter" yet, but the weather-wise have been predicting.

LAW CASE.—We call attention to the Card of Mr. Kirby Smith, who has recently returned from California, and decided to resume his profession among the "old folks at home." His many friends wish him success.

Mrs. H. F. Clayton, of Carmi, Ill., writes to her brother, Mr. Chas. Miller, of this place, that the Murphy movement has reached there and 1500 persons signed the pledge the first week.

The infant class of the M. E. S. S. (Mrs. Pickering, teacher) sent a box to the Children's Home, Cincinnati, on Thanksgiving day, and received a note from Mr. Shipley, returning the warmest thanks for the timely gift.

Mr. Shinn's residence, on Walnut street, was sold at public sale on Friday before last, to Mr. Jos. H. Richards, for \$2900. The planning mill on the corner of Walnut and West streets, bought \$1800 and was purchased by Mr. Jas. Clark.

Hillsboro and the country hereabouts will be favored with four eclipses during 1878. Partial eclipse of the Moon, Feb. 17; partial eclipse of the Sun, July 29; partial eclipse of the Moon, Aug. 12; and a transit of Mercury over the Sun's disc, May 6th.

The "in wedding" at the residence of Jas. W. Smith, on Wednesday evening of last week was attended by nearly a hundred of our citizens, nearly all of whom were married people, and the house was literally filled with tin cups, coffee pots, tin pans, nutmeg graters, &c.

There will be an all day Temperance Prayer Meeting at the Ladies' new Temperance League Rooms in Mr. Haynes' building, on the corner of High and Walnut streets, on Thursday of this week, being the day appointed for prayer by the National Christian Temperance Union.

The racks for the use of the Military companies in the City Hall, are quite ornamental. They are made of black walnut and pine, and were put up by Austin, Kibler & Co., and varnished by Ed. Doggett & Bro. The cost of the entire job will be about \$200.

The members of the Baptist church gave their pastor, Rev. J. W. Weather, a very pleasant surprise on Thanksgiving day. They took possession of his residence while the family were at church, who on their return were surprised to find their larger filled with the richest viands of the season.

The Fire Co. held their regular monthly meeting on Tuesday evening of last week. The action of Council in granting their petition for a yearly allowance of \$10 to each member, we think was but just and proper, and we have no doubt it will be approved by our citizens generally.

By resolution of Council at its last regular meeting, Mr. Saylor was authorized to have the works of the Town Clock properly enclosed and protected from the weather. This is all right. Now let the Council have an iron stairway erected, leading to the opening in the clock tower, so that visitors can easily reach it and view the town. The people would not be great, and the people would approve the expenditure.

The Gazette of last week complains of our copying the description of the route of the C. & M. R. W. from its columns without giving credit. In the same issue, it copies without credit, the Transfers of Real Estate, furnished us by the County Recorder, under a special arrangement. That squares the account, and in future let the Gazette be careful to give us proper credit, and we will do the same.

The Ripley Valley Times, in speaking of Hillsboro's Drum Major, says: "Our band has no Drum Major, but we have a Majority Drummer, who can drum the life out of all the Drum Majors in the country."

And our band has not only a Drum Major, but a snare drummer that can out drum a whole regiment of Ripley's Majority Drummers. George Raines beat a drum all through the war, and he has no superior in the State.

I. O. O. F. The "Mystic Jewel" is a large 8-page paper, published in Cincinnati, Ohio, by Amos Moore, Past Grand Warden, and devoted to the Order of Odd Fellows. Besides giving very liberal premiums to agents, the publisher will also send a copy of the "Rescue," a magnificent Odd Fellows' picture, 20x30 inches, to any Lodge from which a club is sent. Send to publisher for sample copy and terms.

ROBBEY.—The residence of Wm. Lane, who lives one-half mile north of Taylorville, was entered on Thursday or Friday of last week, while the family were away, and about \$1500 worth of notes stolen from a bureau drawer. No clue has been found as to who committed the robbery, but it is thought it must have been done by some one in the neighborhood, who was acquainted with the premises.

The "house warming" at the residence of Mr. Chas. Utman, on Friday evening last, was attended by about 200 of our citizens, and was pronounced by all a fine affair. The guests were handsomely entertained, and sat down to one of the best suppers ever served in Hillsboro. Dancing was engaged in by the younger portion of the company, and everybody went home well satisfied with the evening's entertainment. We acknowledge the receipt of an invitation, but were unable to attend.

EARLY IN THE FIELD.—The Board of Directors of the Highland Co. Stock and Agricultural Society, at their meeting last Friday evening, decided to hold their Annual Fair next year, from August 27 to 30, inclusive. This is the earliest Fair we have heard of, except that at Sabina, which will be held the week before ours. The idea in fixing the time so long beforehand is to arrange the several fairs in this part of the State so as not to interfere with each other, but come in succession.

We are indebted to our friend Thos. Hibben for a copy of the Hawaiian Gazette of Sept. 26th, containing the proceedings on the official reception of Gen. James M. Comly, our new minister to the Sandwich Islands, by King Kalakaua. The King, we are pleased to say, acquitted himself well on the occasion, and our late worthy brother, of the Columbus Journal, sustained the honor of the craft in a highly creditable manner. Long live King Kalakaua, and long live His Excellency, Minister Comly!

Our efficient Marshal, Sam Lyle, has recovered another stolen horse, which was stolen from Wm. Baker, of Adams county, residing between Winchester and West Union, on the 4th of March last. The horse was stolen by Allen Fenton and sold to Lige Jackson, a colored man living in this place, and since that time has been owned by half a dozen parties. The last owner was Mr. J. S. Shaw, who had the horse about six months. It was turned over to Mr. Baker and taken home. Marshal Lyle is still adding to his reputation as a detective, and criminals are getting a wholesome fear of being brought to justice when he is on their track.

Fox Hoes.—Mr. J. M. Wisecup, of this tp., sold 5 pigs to C. B. Miller week before last, which weighed 1130 lbs. or an average of 226 lbs. each. They were only 5 1/2 months old, and were a cross breed of the Russian China and Berkshire stock. They were out of a litter of ten, raised by Mr. Wisecup, and we think they are hard to be beat for weight and age. If any of our readers can boast of better specimens, we should be pleased to hear from them.

Since the above was in type, Mr. Gotherman of Concord tp., informed us that Mr. Henry Miller of that tp., sold 10 hogs of one litter, 9 months old, which averaged 310 lbs. They were a cross of Poland and Berkshire. An extra lot, but not quite equal to Mr. Wisecup's. Next!

PERSONALS.
We regret to learn that Mr. J. A. Anderson has been confined to the house for several weeks by severe illness.
Squire Doggett is mending slowly, and we hope he will be able to get again behind his bench.
Rev. W. J. McNulty was absent last week, attending Synod in Cincinnati.
Miss Jennie Barry, of this place, has been visiting Mrs. Laura Hough, of Leavitt, the week before last.
Miss Julia Nelson left on Thursday for Paris, where she will spend the winter with relatives.
Miss Sarah Bond left last week for Washington, C. H., where she will take a position as governess in the family of her father.
Miss Alice Murray, of Portsmouth, O., has succeeded Miss Fearing as organist at the Presbyterian church.
Mr. Joe Colby, the popular merchant and F. M. of New Lexington, was in town last Friday. We understand he intends selling out his stock very low, preparatory to making a visit to "Athenianland" (Germany) next spring.
Mrs. M. B. Orr is visiting her brother-in-law at Hot Springs, Ark.
Mrs. Judge Stiles has gone to Kentucky to reside with her relatives, and will not return until the next year.
A slight mistake, Mr. Register. Judge Stiles' mother is the lady referred to.
Lieut. B. R. Ripley, of the Noble Light Guard, spent several days in Columbus last week, in attendance at the meeting of the State Dental Association.
Miss Lillian Brown, of Cincinnati, who has been struggling school at the Highland Institute, was called home by the sickness of her sister last week.
